

2020 Year End Report – Dean

This year has been full of mostly positive events for WGB.

Our annual Exhibit and Sale was a resounding success and our Speakers and Workshops have been well received. The WGB website is running efficiently with the Used Loom and Equipment list and enrollment for membership, classes, and workshops being the most active. We had a wonderful 3 day workshop with Tom Knisely just before we were shut down due to the Covid-19 Pandemic. This forced us to cancel our April and May meetings which was disappointing for all.

As I end my 2 years of being Dean – I realize that it has been both a satisfying and challenging experience. The satisfaction comes from organizing the business of the guild and being one of the “public faces” at meetings and online. It has been wonderful to work with talented people who are so willing to share their expertise.

As the Guild moves toward our 100th celebration, my hope is that we will all work together and not let personal agendas interfere with our common goals.

Carol McClennen – April 2020
