

Report to the Board of Directors, May 2020

Online sales this year have totaled \$15,617.65, including renewals, new memberships, sales of publications, and registration for classes (although this figure does not reflect refunds of class fees due to the novel coronavirus pandemic). To receive member pricing, the purchaser must be a member of the Guild and have registered on the website as well. Currently the number of website memberships is 206 of which 9 members are 'Bulletin Only'. Only 40 Guild members do not have website membership.

The online Used Weaving and Spinning Equipment list, which provides a free listing service to the New England and beyond community, has been quite active this year. Weavers as far away as Pakistan have listed with our free service and many have sold their equipment. We have had a total of 116 listings from 105 different individuals.

Respectfully submitted,

Helen Sandoz
