

In the fall of 2019, the Library introduced its new Pourrey-Cross Textile Library System. Many members were able to take advantage of this new system and were able to find what they were looking for (and more) efficiently. Of course, there will be those who still want to browse the shelves and this is always welcome.

The library continued to share subject related books with morning workshop participants as well as displaying an array of themed books in the Vestry.

Sample books continued to be preserved by inserting individual pages into plastic protectors. Future goals are to organize and catalog by subject as well as to digitize these notebooks so that they can be circulated.

There was only one book purchase this year due to the need to conserve our current full space and to focus on our existing collection. This was Marion Stubenitsky's "Double With A Twist" - a magnificent addition to our shelves. Cost was \$75.50. This was our total budget this year as the library had no office supply needs or any subscription renewals. We also had a shortened year with the Coronavirus impacting our last 3 meetings.

Good news for the library is the addition of Nancy Flood as the Assistant Librarian. She has graciously stepped forward and has some wonderful ideas for the future of the library.

Respectfully submitted,  
Joanne Germaine  
Librarian Chair
