

2017 WGB Annual Library Report

It's been a busy year in the library. We are still located on the third floor of this building and i get my exercise with multiple trips up and down those stairs. For those who can't make it up there or too busy with a workshop, i hope that the displays in the Vestry here have offered you a glimpse as to what the library has to offer. I will continue to select books that match the day's morning workshops and also pull a few tomes that are oversized and overlooked as well as newly purchased and special finds.

I continue to catalog our books into the Pourrey Cross System. It is slow going but i believe it will be beneficial in finding books by subject matter in the future. If anyone is willing to spend an hour in the library with me to help with this process, i would so appreciate the help. It's not difficult and you may discover some very interesting books!

The library purchased 6 new books and 1 DVD this year as well as receiving a number of donations, with topics ranging from Bead Weaving to exploration into specific complex weaves. I have displayed these items today here in the Vestry.

The library spent a total of \$227.35 this year on books/DVDs/Subscriptions and \$37.49 on office supplies for a total of \$269.88. I received a total of \$ to be submitted to the Guild Treasury.

Respectfully submitted,
Joanne Germaine
